

# YOUR SOURCE FOR SUCCESS IN THE DEMOLITION INDUSTRY

**“I have never been a part of any organization that has helped me advance safety, productivity and revenue all in one place. Absolutely the best organization we are a part of and some of the best networking a company or individual can access with some of the friendliest and most knowledgeable people in the industry.”**  
— Scott Knightly, Envirovantage

**Visit [demolitionassociation.com/membership](https://demolitionassociation.com/membership) to join today.**

# JOIN TODAY

Join the network of demolition professionals dedicated to strengthening the business environment of the demolition industry.

The National Demolition Association (NDA) is the association demolition professionals count on to make connections, exchange ideas, stay current on industry trends and regulations and expand their knowledge of the demolition profession.

- » **Succeed in business.** Year-round access to like-minded members and resources.
- » **Succeed in your career.** Insights from industry experts with years of on-the-job experience.
- » **Succeed as an industry.** Advocacy on legislative issues that impact industry practices and standards.

Members also receive discounts on products and services, like HR support, waste and recycling, truck and vehicle rentals, and more.

Join today

# PROFESSIONAL CONNECTIONS

**NDA facilitates a collaborative environment, connecting more than 2,500 individuals from across the country to enable business performance and growth.**

## **In-Person Events**

### **Annual Convention & Expo**

Network with suppliers, business owners and contractors from across the country. Through dedicated networking, lively events and an expansive Expo, you will make key introductions and solidify lasting relationships.

### **Live *DEMOLITION* Event**

During the Live *DEMOLITION* Event, test the latest equipment, talk to vendor representatives directly about your team's needs, and compare a variety of products and equipment in one location.

### **NDA Leadership Forum**

Meet and collaborate on issues driving NDA at the NDA Leadership Forum. Join one of our committees to plan and develop yearly initiatives. Leadership Forums are a fun way to connect with other involved members.

## **Membership Directory**

NDA's Membership Directory is an interactive map available online that helps you meet members in your area and specialists for future partnerships. Potential customers use the directory to find reliable demolition companies and contractors.

# INDUSTRY-LEADING RESOURCES

NDA develops content and resources with you and your business needs in mind.

## Safety Resources

NDA helps you enforce best practices to keep your team safe. The **Demolition Safety Program** covers demolition safety, hazardous communication, skid steer operations, asbestos and lead safety and more. Member safety resources include:

- » NDA Safety App
- » 75+ Demolition Safety Talks
- » Live Education Opportunities
- » Demolition Safety Manual
- » Hazardous Communication Plan
- » Pre-Demolition Engineering Survey

## Safety App

NDA members can access 75+ safety talks, the recently-updated NDA Safety Manual, customizable Job Hazard Analysis (JHA) and Pre-Demolition Engineering checklists, and more — all via their mobile device! Over 1,000 app users find this tool invaluable for their daily safety talks.

“I’ve attended a half dozen of NDA’s events and always come away with a new acquaintance, an educational experience and a wonderful memory.”

— Michael DeBenedet, New England Yankee Construction

## Annual Convention & Expo

The Annual Convention & Expo is an extremely thorough and educational industry event. Through in-depth sessions and quick presentations, you will learn from experts in the field and increase your knowledge on topics and issues that are vital to your success.

## OSHA Partnership: Jobsite Best Practices

NDA and OSHA teamed up to create demolition-specific trainings on robotics, fall protection, health hazards, and pre-engineering to educate OSHA compliance safety and health officers. This collaboration is part of an ongoing effort to provide training, procedures and continued education within the demolition industry.

# EDUCATION AND TRAINING

## Certificate of Demolition Management

The Foundations of Demolition Training Series will culminate in a Foundations of Demolition Management Certificate. Each course is offered in-person, giving you the opportunity to learn directly from leading demolition experts. Courses include:

- » Foundations of Demolition — Estimating
- » Foundations of Demolition — Project Management
- » Foundations of Demolition — Risk Management
- » Foundations of Demolition — Job Cost Tracking

**“I have used elements of my training in the various courses offered in NDA’s Foundations of Demolition Training Series to improve safety, compliance, and win projects for several Fortune 500 companies.”**

— **Lloyd Copeland, Hayden Wrecking Corporation**

## Year-Round Online Industry Training

Our comprehensive course library covers a wide range of demolition, construction, safety and general industry topics and provides on-demand, in-depth learning opportunities accessible to the end-user 24/7.

- » OSHA 10 Hour General Industry Training with Free Study Guide
- » OSHA 10 Hour Construction Training with Free Study Guide
- » OSHA 30 Hour General Industry Training with Free Study Guide
- » OSHA 30 Hour Construction Training with Free Study Guide

## Live Training

NDA offers in-person training experiences that provide hands-on opportunities to learn from superintendents, foremen and site-supervisors about equipment and jobsite best practices.

- » Demolition Superintendent Bootcamp
- » Equipment Maintenance and Safety Live Course

# LEGAL AND REGULATORY ISSUES

**NDA is shaping the demolition industry on a national and global scale, advocating on behalf of demolition professionals.**

The collective voice of the industry ensures that both contractors and workers can thrive and continue to boost the U.S. economy.

## Grassroots Action Center

Designed exclusively for NDA members, the Grassroots Action Center helps members easily contact their elected policymakers and those in federal agencies to educate them on the pressing issues of the demolition industry.

## Coalitions and Partnerships

NDA teams with best-in-class organizations to make sure our members have the greatest resources available to them. Through partnerships with government agencies like the Occupational Safety and Health Administration (OSHA), and industry groups such as the Construction & Demolition Recycling Association (CDRA) and National Association of Home Builders (NAHB), we are able to take a more effective stance on national issues and provide access to the best tools and services our members need to expand their businesses and success.

## Issue Briefs and Letters to Officials

Focusing on the latest legislative and regulatory efforts, NDA publishes briefs on how the association feels these efforts — from asbestos to EPA regulations — will impact the demolition profession at the local level. With letters to policymakers across the country, NDA ensures that our members are heard and have a seat at the table.

## Procurement Opportunities

View open Requests for Quotations (RFQs) and Requests for Proposals (RFPs) via NDA's Procurement Opportunities.

## OSHA Compliance Assistance Resources

An interactive system that allows NDA members to access resources and contact information of regulatory compliance staff in all 50 states and consult with staff on a variety of rules and regulations affecting the industry.

# INDUSTRY NEWS AND UPDATES

NDA is your source for industry updates, member news and trends impacting business practices.

## Publications

### **DEMOLITION** magazine

Mailed bimonthly and available online, *DEMOLITION* magazine features member news, the latest policy updates, and relevant topics such as safety and environmental stewardship that directly impacts how you conduct business.

### Newsletter

NDA's weekly e-newsletter includes demolition news from across the country, allowing you to stay abreast on what other demolition professionals are experiencing.

## DEMOLITION NOW

NDA's podcast series, DEMOLITION NOW, provides a concise analysis of the government affairs issues impacting the industry, along with engaging interviews of industry leaders, experts and analysts that provide unique perspectives on the demolition industry today.

## Best Practice Library

The best practice library houses guidelines, guidance documents, templates and whitepapers curated from member data and industry insights. Topics include: Health Safety and Risk Management, Materials and Waste Management, Planning Estimating, Project Management, Setup Surveys and Engineering. Content is regularly added throughout the year.
