'DEMOLITION ACADEMY' OCT. 14-16 AT OSHA TRAINING INSTITUTE

The National Demolition Association's 'Demolition Academy' is an important educational event that provides in-depth training in a variety of safety topics specific to the demolition professional.

DOYLESTOWN, PA, OCTOBER 2, 2009 – The [Demolition Academy](#) – an intensive safety and management training program of the National Demolition Association – has spaces remaining for this year's event at the OSHA Training Institute in Arlington Heights, IL, October 14-16.

The schedule of events for the Demolition Academy includes a Demolition-Specific OSHA 10-Hour Certification and well as in-depth training in fall protection, accident investigation, confined space, and aerial lift training. There is also an option for a full-day management training workshop.

The [National Demolition Association's](#) Demolition Academy gives participants a wide selection of options for attending the event for one, two, or all three days. The pre-registration deadline is October 7. For more information, contact the association directly at 800-541-2412 or at info@demolitionassociation.com.

The National Demolition Association is a non-profit trade organization representing more than 1,100 U.S. and Canadian companies and many international firms that are involved in the demolition process. Membership includes demolition contractors, general contractors, civil engineering firms, and recycling, landfill, and salvage operations. The association's efforts help members stay abreast of environmental, regulatory and safety matters, keep regulators informed about issues facing the industry, increase public and industry awareness, and provide members with networking opportunities and information on the latest technical advances in equipment and services. The website is www.demolitionassociation.com.
