NATIONAL DEMOLITION ASSOCIATION 2012 CONVENTION SLATED FOR SAN ANTONIO MARCH 10-13

The National Demolition Association's 39th Annual Convention is the largest exposition of demolition equipment and services in the world, taking place for the first time in its history in Texas at the Henry B. Gonzalez Convention Center in San Antonio. Exhibitor and sponsorship opportunities are available.

DOYLESTOWN, PA, Aug. 17, 2011 – The [National Demolition Association's](http://www.demolitionassociation.com) 39th Annual Convention – the largest exposition of demolition equipment and services in the world – will make Association history next year by taking place for the first time ever in Texas, at the Henry B. Gonzalez Convention Center in San Antonio, March 10-13, 2012.

“We chose San Antonio as the site of our next convention because it gives our members and exhibitors a completely new experience of the history and culture of this historic city and the state of Texas,” said Michael R. Taylor, CAE, NDA Executive Director. “We also made the decision to hold the convention at a classic convention center, another first for the NDA.”

The Grand Hyatt on the Riverwalk will serve as the NDA convention headquarters hotel. The Riverwalk – one of the nation's most visited tourist venues with shops and restaurants dotted along the placid San Antonio River – is connected by skybridge to the Grand Hyatt. The NDA's legendary Monday Night Theme Party will be like none other in the Association's history. It will include an indoor rodeo with PBR riders, a full Texas barbeque, armadillo races, two country Western bands, line dancing, and a Gilly's-style mechanical bull ride.

Each year, the National Demolition Association convention brings together a wide cross section of professionals involved in the demolition process, including those involved in demolition contracting, general contracting, civil engineering, recycling, and other industries. The convention includes educational programs, entertainment, and networking opportunities for both Association members and other attendees.

Exhibitors or sponsors interested in more information on the NDA 2012 San Antonio Convention should contact the NDA at info@demolitionassociation.com or call 800-541-2412. The 2012 Exhibitor Contract and additional information will be posted on the NDA website soon.

The National Demolition Association is a non-profit trade organization representing approximately 1,000 U.S. and Canadian companies and many international firms that are involved in the demolition process. Membership includes demolition contractors, general contractors, civil engineering firms, and recycling, landfill, and salvage operations. The association's efforts help members stay abreast of environmental, regulatory and safety matters, keep regulators informed about issues facing the industry, increase public and industry awareness, and provide members with networking opportunities and information on the latest technical advances in equipment and services. The website is www.demolitionassociation.com.
