B&B Wrecking and Excavating, Inc.
Cleveland, OH

Ohio State University Medical Facilities

As part of a \$1 Billion dollar development program at Ohio State's Medical Campus, B&B Wrecking & Excavating removed Means Hall, a former tuberculosis hospital, an MRI building, with salvage of the MRI and several connecting halls while preserving existing underground pedestrian tunnels with live utilities & communication. The project required rigid dust monitoring and recycling of all concrete, metal, and clean fill materials.
