# Environmental EXCELLENCE AWARD

**EnviroVantage™**

New England's most trusted Environmental & Specialty Services Contractor since 1985

**EnviroVantage**  
*Epping, NH*

## York Mills Renovation

**E**nviroVantage participated in the restoration and revitalization of a major part of New England's manufacturing heritage; the York Mills in Saco, ME. The seven-building complex was being renovated for use as commercial office space, residential condos, a brewery & restaurant, townhomes and a marina. EnviroVantage abated the lead-based paint, recycled many historic windows, preserved the original brick, and recycled the metal, wood and other materials. Renamed Island Point, the new development is planned to support over 2,000 people and produce new tax revenue, as well as an environmentally-friendly new village community in the Saco/Biddeford area.
